Training will be required through John Deere University for the SA 5. The course code in John Deere University for the English version of this on-line training is Service Advisor 5 (WBT - CSP-UCD002EN) and Service Advisor Methods & Techniques ILT – CSP-17-SE1QNP06. If you would like the classes in a different language, you can search by the name of the course to find the translated languages available. Please note that there are course fees related to most courses offered. Your company will be billed for the courses taken.
