**Device Access Codes**

SiteTech software contains a feature which limits access to generator set models.
To access certain generator set models, the user must enter a device access code.
The table below shows the current codes.

See SiteTech Operation Manual TP-6701 for connection instructions.

| No Code | Code:  75304 | Code: 61366 | Code: 87004 | Code:  75374 |
|---|---|---|---|---|
| Residential/Commercial Models and Marine | Large Residential/Commercial Models | Industrial Gas Models | Lennox Models | Master |
