Service Parts Tools. Tools include the following:

- Literature/Sales Aid List
- Recommended Spare Parts Lists

Literature/Sales Aid List.

The Literature/Sales Aid List contains all literature and sales aids that are available through your supplier of Kohler generator service parts. To access, click on the file name below.

Literature and Sales Aids List Filename and Content

File name	File type	Description
ordrkoh.xls	Spreadsheet	Use spreadsheet software such as Excel to view the list of Kohler Literature and Sales Aids. Make a backup copy of this file and as many copies as you like. The file is sorted primarily by base part number, secondarily by suffix and tertiary by prefix. It contains the following fields:

TYPE	See attached key for list of field contents
PARTNO	Complete part number of the publication
DESCRIPTION	Description of the publication
REVISION	Current date of a new or revised publication.
CURR LIST	List price
MKTINDUST	Industrial market
MKTATS	ATS market
MKTXGEAR	Switchgear market
MKTMOBILE	Mobile and RV markets
MKTMARINE	Marine market
MKTRES/COML	Residential/Commercial and Portable Markets
MKTRENT	Rental Market
PREFIX	Characters appearing before the base number
NUMBER	All-numeric base part number
SUFFIX	Characters appearing after the base part number

Sort and organize the information in this file by part number, market, category or type of literature to meet your needs. Use the literature revision dates to verify that you are using the most current literature. Also, the list price is shown for your reference. Prices contained in this file were current at the time the list was developed.

Tip for Excel users: Open file in Excel. Note the drop-down list arrows besides each column heading. Click the drop-down list arrow of the field on which you want to filter. Select from the drop-down list the filter criteria. A blue dropdown list arrow indicates an active filter. To remove the filter, select "all" from the dropdown list. Click on Data->Filter->AutoFilter to remove filters. See Help->AutoFilter for additional information on using this feature.

"TYPE" Abbreviations for Literature and Sales Aids:

ARCHIVE	Any archive literature
BINDER	Binders/covers/spines
BROCHURE	Brochures
CARD	Card
CATALOG	Sales/accy/submittal
CD-ROM	CD-ROM
CERTIF	Certificates

DEALER KIT	Dealer kits
DIRECTORY	Distributor directories
DISPLAY	Display
DVD	DVD
FB	FAA Bulletin
FICHE	All microfiche
FOLDER	Folder
FORM	All forms
GUIDEBOOK	Guidebook and updates
HOLDER	Holder, CD, diskette, certif
I/M	Installation manual
KIT	Assembled literature
MISC	Miscellaneous
NEWSLETTER	On-Line and Monitor letter
O/I/M	Operation/installation manual
O/I/P	Operation/installation/parts
O/I/S/M	Operation/installation/service
O/M	Operation manual
O/S/M	Operation/service manual
P/C	Parts catalog
PB	Parts bulletin
POSTER	Poster
POWERPLUS	Kohler PowerPlus Program
PRICELIST	Price List
PROTECT	Sheet protector

S/P	Service/parts manual
S/P/M	Service/parts manual
S/S	Spec sheet
SAFETY	Safety Precautions
SB	Service bulletin
SELL SHEET	Sell Sheet
SVCFILE	Service files and labels
T/M	Training manual
TAB	Tab Sheets
TEMPLATE	Template
TI	TI Series
TIB	Technical information series
TT	TT sheet
VIDEO	Video
W/D	Wiring diagram manual
WARRANTY	Warranty policies
YELLOW	Yellow pages

Recommended Spare Parts Lists

The recommended spare parts files contain recommended spare parts lists for selected marine and industrial/standby generator sets. Prices on the lists are current as of the issues date. Prices are included for budgetary purposes; verify prices before ordering parts.

Note: Recommended spare parts lists are based upon the most common modules. Specifications and modules vary. Verify the part numbers against the parts catalog prior to ordering parts to be sure you are ordering the part numbers corresponding to your configuration.

The following table shows the number of recommended spare parts lists by engine manufacturer. To access a file, click the file name below.

Recommended Spare Parts Lists (Current Product)

Market	Engine Manufacturer	No. of Models	File Name
Industrial	Detroit Diesel	26	DDC.xls
	Deutz	3	Deutz.xls
	Ford	17	Ford.xls
	General Motors	6	GM.xls
	John Deere	11	JnDeere.xls
	Kohler	2	Khlr.xls
	Mitsubishi	3	Mitsubishi.xls
	Yanmar	6	Yanmar.xls
Marine	Yanmar	12	Ynmarmar.xls
	Ford	2	Fordmar.xls
	Kawasaki	4	Kawasaki.xls

The Industrial recommended spares are for 60 Hz modular specs with Dec3/Dec3+ controllers and unit-mounted radiators.

Recommended Spare Parts Lists (Discontinued Product)

Market	Engine Manufacturer	No. of Models	File Name
Industrial	Cummins – 40kW	1	Cummindc.xls
	Detroit Diesel 2 cycle	24	DDCdc.xls
	Ford	15	Forddc.xls
	John Deere	10	Deeredc.xls
	Kohler	2	Kohlerdc.xls
	Perkins	4	Perkinsdc.xls
	Wisconsin 15RMY	1	Wiscdc.xls
	Yanmar	6	Yanmardc.xls
Marine	Cummins	2	Cummardc.xls
	Ford	3	Fordmardc.xls
	Honda	8	Hondamardc.xls
	Yanmar	9	Ynmarmardc.xls

The spare parts lists for discontinued product contain recommended spares for a representative configuration of selected models. Part numbers vary by configuration and are subject to change.

Questions? Email aftermarketparts@kohler.com with questions you have on any of the information in the files or to obtain a recommended spares list for modular options not listed.
